

FORUM SYNERGIES SCHOLARSHIP

Trainee: Tom Fuss & Alexandra van Tilburg, Germany

Host: Joanne Butler, "OURganic Gardens", Ireland

20.09.2019 - 06.10.2019

Small-scale & low-tech apple juice production in Donegal, with old apple varieties. Making juice or cidre is a good way to preserve the apples, especially windfalls and apples with a brouse. Tasting the juice and sharing it with the community is a nice opportunity to celebrate the end of this years harvest.
