

PROGRAMME & TOPICS TO DISCUSS

Originally planned as a tool for information and exchange about more **technical, organisational and financial aspects** we are now increasingly moving towards a broader approach, also including aspects of how we can stay in touch/ organise an exchange as long as travelling is not possible.

Thinking about bringing FS Scholarship programme out of the simple frame of an exchange programme, this could be a **starting point to form a FS Scholarship community** based on exchanges on specific topics that might crystallise!

INTRODUCTION & EXPERIENCES 2019

- We will give a short overview of **what the scholarship programme is all about** and what makes the difference.
- Some of the hosts and trainees of last year will **share their experience**.

PRACTICAL INFORMATION

we offer practical information on:

- the **matching** of hosts and trainees,
- the development of a **workplan**,
- the **reporting** and
- **financial contributions**;

UNCERTAINTIES & OFFERS IN TIMES OF COVID-19

- **Open questions** and **role of digital tools**.
The Latvian experience.
- **Offers**: organising a series of webinars on special topics.
- **Participating** in a Forum Synergies event:
idea and options
