- **Scale of activity:** local, regional national, European
- **Actor/s:** NGO, farmers, consumers, volunteers
- **State of the activity:** started in 2017, ongoing
- **Keywords:** agroecology, Food Sovereignty, Community supported agriculture (CSA), Access to Land, ethical consumption

### Summary

**Hellenic network for Agroecology Food Sovereignty and Access to Land is formal representative for the country of Greece for the European Food Sovereignty Movement and for the Nyeleni Forum; it belongs to the European CSA movement and is members of the URGENCI kernel and the European CSA Research Group.**

### Description of activities

**Background.** Agroecopolis is a very young, grassroots non-profit, non-governmental organisation.

#### Activities.

- Actively promoting different models of connecting consumers and producers -like CSA,
- Providing links with the social solidarity economy movement and alternative currencies; issues of inclusion for sensitive social groups, migrants and displaced people through the idea of food production, distribution and consumption.
- Acting as a hub for networking, experience sharing, training, facilitation and provision of resources.
- Promoting participatory action research, advocating for policy change on local, national and international levels, creation of food policy councils.
- Counselling and training on ethical solidarity economy and human relations.
- Safeguarding our commons and Greek agricultural land through practices of communal ownership and usage.
- We promote ethical consumption and a change of consumer habits especially with regards to our food.

### Outlook

**Challenges:** Actually access to funds. The financial conditions in Greece make it difficult to crowdfund; institutions, local authorities etc. are overwhelmed with applications, we are in need of some starting capital.

**Next steps** for the next 2 years:

- 3 Erasmus+ projects with major European partners;
- a pilot PGS (Participatory Guarantee Systems) in the extended area of Thessaloniki;
- networking of food initiatives with view to create the Thessaloniki Food Policy Council;
- hosting the 4th European CSA meeting and the 7th International CSA Symposium (Dec 2018);
- gardening project together with refugees;
- focus on consolidating CSA movement around the country; set up a national CSA association;
- bring together, empower small agroecological farmers;
- revive the Permaculture Caravan with new objectives.
